POLI-TAPE®

ETCHED GLASS FILMS

Developed to refine all sorts of glass surfaces, POLI-TAPE offers an efficient range of Etched Glass films. Add weight to your creativity and enable your customers to display their professionality and quality approach already in their interior and exterior design. Due to the variety of different requirements, POLI-TAPE has various options – high quality solvent- based solutions for long-lasting, complex outdoor applications as well as cost-effective products, equipped with dispersion acrylics. Our adhesives convince with an easy removability which enable fast and efficient repositioning without any whitening effect.

Zur Veredelung von Glasflächen bietet POLI-TAPE eine effiziente Range an polymeren Etched-Glas Folien an. Verleihen Sie Ihrer Kreativität Ausdruck und spiegeln Sie die Professionalität und Qualität Ihrer Kunden, in der Gestaltung von Innen- und Außeneinrichtung wider. Aufgrund der vielfältigen Herausforderungen, offeriert POLI-TAPE diverse Lösungen – hochqualitative Lösemittel-Klebstoffe für langfristige, komplexe Outdoor Applikationen, sowie kostenbewusste Produkte, die mit Dispersions- Acrylat ausgerüstet sind. Unsere Klebstoffe überzeugen dabei immer mit einer ausgezeichneten Ablösbarkeit, was ein einfaches Repositionieren ohne Weißbuch ermöglicht.
