MACal 8200 Pro™

The versatile choice for computer cutting and weeding

MACal 8200 Pro short-term monomeric 75 µm vinyl is specially designed to ensure easy computer cutting and fast weeding. You can free your imagination with an impressive 68 colours (30 gloss and 38 matt) - making more of a huge range of flat surfaces, from indoor exhibition stands through to outdoor window graphics and signage.

A water-based permanent acrylic adhesive makes this calendered soft vinyl film a great choice for many different indoor applications, and it is durable for outdoor-applications for up to 4 years.
