

# UNIVERSAL SPORTS TRICOT

Article No. 06110-2200

Applications: Sport Shirts • Leggings

*"As the name of the product suggests, the product is already very popular among sports applications."*

The name should be not mistaken with the tricot construction from warp knitting technology! "Universal Sports Tricot" is produced in the fine and tight interlock construction. The synthetic material barely absorbs moisture and dries quickly. This ensures pleasant wearing comfort during high-intensity sports such as soccer or basketball.

## Print technology

## Care label

## Facts

Composition	100% Polyester
Construction	Knitted, Interlock
Width <sup>1</sup> brutto/netto	152 cm/149 cm
Weight	180 g/m <sup>2</sup>
Calender	195 °C, 52 Seconds
Shrinkage	Length < 3.5 % Width < 3.5 %

<sup>1</sup>Due to the stretchable construction of knitted fabrics, deviations of +/- 2cm may occur.

## Remarks

**Important:** Run a print test! Many factors influence the textile during printing and application. All technical data were determined according to the current state of measurement technology and reflect the values of the measurement sample. Despite the highest quality standards, there may be production deviations – all information are legally non-binding and without guarantee.
